Docket No. _____

APPLICATION

Central Telecom Long Distance, Inc. ("CTLD" or Applicant"), pursuant to S.C. Code Ann. §58-9-280(B), as amended, 26 S.C. Reg. 103-823, and Section 253 of the Telecommunications Act of 1996, respectfully submits this Application for Authority to Provide Resold Interexchange Long Distance Service within the State of South Carolina to the Public Service Commission of South Carolina ("Commission"). Applicant seeks a Certificate of Public Convenience and Necessity to provide competitive intrastate, interexchange telecommunications services between and among locations within the State of South Carolina as a non-facilities-based interexchange telecommunications service provider.

Applicant further respectfully requests that pursuant to South Carolina Code Section 58-9-585 and the general regulatory authority of the Commission, the Commission regulate its long distance business service, consumer card, and any future operator service offerings to subscribers of record in accordance with the principles and procedures established for relaxed regulation in Orders No. 95-1734 and 96-55 in Docket No. 95-661-C and as modified by Order No. 2001-997 in Docket No. 2000-407-C, consistent with such regulation as granted to other competitive interexchange carriers.

All services are available twenty-four (24) hours per day, seven (7) days a week. The Applicant will commence offering service following the granting of this application.

Approval of the instant Application will promote the public interest by increasing the level of competition within South Carolina. This competition will mandate that all exchange telecommunications providers will operate more efficiently, enabling the consumer to benefit via reduced rates.

In support of this Application, Applicant respectfully states as follows:

1. Applicant's legal name, business address and telephone number are:

Facsimile: 719.471.2270

4. Applicant is a privately-held corporation organized under the laws of the State of Colorado on December 21, 2007. A copy of Applicant's Articles of Incorporation is attached hereto at **Exhibit A**.

5. The name and address of Applicant's officer is

Deborah Baker, President
Central Telecom Long Distance, Inc.
102 South Tejon Street, 11th Floor
Colorado Springs, CO 80903

6. A copy of Applicant's Certificate of Authority to transact business as a foreign corporation in the State of South Carolina is attached as **Exhibit B**.

7. Applicant proposes to provide interexchange service throughout the State of South Carolina. Applicant specifically proposes to provide non-facilities-based switched access outbound "1 Plus," interexchange telecommunications services for the direct transmission and reception of voice and data between locations throughout the State of South Carolina. Applicant does not propose to offer alternative operator services to the transient public.

8. Applicant's services will be offered to commercial and residential subscribers, and will be available to subscribers twenty-four hours per day, seven days per week, at rates, terms and conditions established by Applicant.

9. Applicant readily recognizes the importance of effective customer service for long distance service subscribers. Applicant has made arrangements for its subscribers to call the Company at its toll-free customer service number, 888.988.9818. Further, subscribers may contact the Company in writing at the headquarters address and via e-mail at customerservice@centraltelecomlongdistance.com.

10. As a non-facilities-based provider of resold interexchange telecommunications services, Applicant's technical ability to provide services rests primarily on the technical capabilities and network services of its underlying carriers. Applicant supplements its underlying carrier's technical capabilities with professionally trained customer service support staff who pursue technical service issues with Applicant's underlying carrier.

11. Applicant possesses the managerial experience necessary to provide interexchange telecommunications services in South Carolina. A brief summary of the qualifications and experience of Applicant's senior management experience is attached hereto as **Exhibit C**.

12. Applicant has the financial ability to provide resold telecommunications services within the State of South Carolina. Consumer Telcom attaches its balance sheet and profit and loss statement for 2007, filed under seal, as **Exhibit D**. Consumer Telcom is a privately held company. Accordingly, its financial statements are not public information. As a privately-held company, it does not issue annual reports or submit any financial filings with the Securities and Exchange Commission. The Applicant respectfully requests that these financial statements disclosed in connection with this Application be filed under seal, solely for the purpose of the Commission and the Office of Regulatory Staff's review. Applicant's South Carolina

intrastate operating expenses will be incremental in nature. Applicant does not plan to construct facilities nor will it incur additional debt to operate in South Carolina.

13. Applicant's proposed tariff, containing Applicant's proposed rates, terms and conditions applicable to its subscribers is attached as **Exhibit E**.

14. Applicant has been granted, authority to provide resold interexchange service in the states of: Michigan, Iowa, and North Dakota. Applicant has applications pending in the States of California, Iowa, Maine, Montana, North Dakota, New Jersey, North Carolina, New York, Nevada, Oregon, South Dakota, Texas, Washington, Wisconsin, Utah, and Vermont. In no instance has Applicant's application or authority been rejected.

15. Applicant's subscribers will be billed through arrangements with the incumbent local exchange provider.

16. Applicant requests that its long distance business, consumer card and any future operator service offerings to subscribers of record be regulated pursuant to the procedures described in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C, as modified by Order No. 2001-997 in Docket No. 2000-407-C. Because of both the level of competition found by the Commission in Docket No. 95-661-C and the Commission's decision to permit AT&T greater rate flexibility, Applicant submits that it is critical to the continued development of a competitive market for telecommunications services that the Commission apply the alternative regulation described in Order Nos. 95-1734 and 96-55 to Applicant's service offerings. Further, Applicant requests that the Commission: a) remove the maximum rate tariff requirements for these service offerings; b) presume that CTLD's tariff filings for these services be valid upon filing unless an investigation of a particular filing is instituted within seven (7) days, in which case the tariff

filing will be suspended until further order of the Commission; and c) grant Applicant the same treatment as similarly situated carriers in connection with any future relaxation of the Commission's reporting requirements.

17. Applicant requests waiver of 25 S.C. Reg. 103-610, Location of Records and Reports. Applicant does not anticipate maintaining offices or personnel in the State of South Carolina. In the absence of such a waiver, Applicant would be compelled to assume added expense to maintain records and reports in South Carolina. Applicant avers that records and reports will be maintained at its headquarters office in Colorado Springs, Colorado and will be made available to the Commission and the Office of Regulatory Staff upon request, at no charge. The Commission and the Office of Regulatory Staff will not be inconvenienced, and the public will not be exposed to any risk through the grant of this waiver request. Applicant understands that similar requests for waiver of R.103-610 are routinely granted by the Commission.

18. Applicant also requests a waiver of any Commission policy that would require it to maintain its books under the Uniform System of Accounts ("USOA") method. The company currently uses Generally Accepted Accounting Principals ("GAAP") to maintain its books. Therefore, it would create a hardship to maintain a separate accounting system.

19. Applicant is prepared to offer its services immediately upon Commission authorization.

20. This Application demonstrates that Applicant has the technical, financial and managerial resources to provide resold long distance service within South Carolina. The granting of this Application will promote the public interest by increasing the level of competition in the

telecommunications markets of the state. Competition of this nature will mandate that all telecommunications providers will operate more efficiently and improve the overall service quality for consumers.

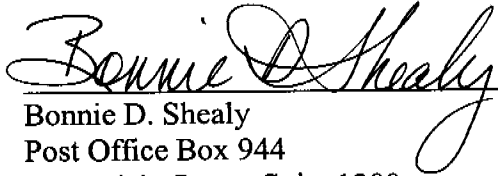

21. Approval of the Application of Applicant will serve the public interest by offering consumers throughout the State of South Carolina a meaningful quality service option. Approval of this Application will also benefit consumers by creating greater competition in the interexchange and local marketplace. Competition in the telecommunications marketplace inspires innovation and development of services that meet customer needs cost effectively.

WHEREFORE, Central Telecom Long Distance, Inc. respectfully petitions this Commission for authority to operate as a facilities-based provider of local exchange service and a reseller of long distance telecommunications services in the State of South Carolina in accordance with this Application, for flexible regulatory treatment of its local exchange services, for alternative regulation of its long distance business service offerings, and for such other relief as it deems necessary and appropriate.

Respectfully submitted this 28 day of October, 2008.

TARIFF FORMAT

- A. **Sheet Numbering** - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, occasionally, when a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd Revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their Tariff approval process, the most current sheet number on file with the Commission is not always the sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** - There are four levels of paragraph coding. Each level of code is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.1.
- D. **Check Sheets** - When a Tariff filing is made with the Commission, an updated Check Sheet accompanies the Tariff filing. The Check Sheet lists the sheets contained in the Tariff with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some sheets). The Tariff user should refer to the latest Check Sheet to find if a particular sheet is the most current on file with the Commission.
